

ANSWER

I AM the most original gazabo that ever came down the Cosmic Pike—and admit it.

I am an intellectual grabheimer, from Grabville, Grab County. I watch for the divine electric spark and seize it, transmuting it into words.

I take a feeling, and make of it a thought.

Q Always and forever I am on the lookout for ideas, thoughts, jokes, plans, schemes, not to mention lofty aspirations and divine impulses.

Q Withal, I am very modest, but my modesty is modified by my desire to tap hidden reservoirs of truth, and irrigate the waste places of human lives—including my own.

We want your renewal for the Choice Stuff, for your sake—and ours.
